V Limitations

- C. First priority use of Academic Scholarship funds must be to pay tuition. If money remains after tuition is paid, the candidate may purchase books and submit documented receipts to the Benton REA Review Committee to obtain reimbursement of such expense. Clothing, transportation, appliances, telephones, and food do not qualify for payment.
- D. Unused scholarship funds will be retained by Benton REA. Unused funds may result if a student is over financed or if a recipient ceases to be a student. Scholarship funds that have been sent to a college or university that are not used by a qualifying recipient shall be refunded to Benton REA, not to the student.
- E. Scholarships are not assignable.
- F. Recipients of a continuing education scholarship must maintain an annual cumulative GPA of 3.0 or higher to remain in the program. The student must provide Benton REA with a **certified** transcript of their GPA from the school by August 1st of each year. If the recipient's annual cumulative GPA is below 3.0 but higher than 2.75, the recipient may apply to the Association requesting the scholarship be reinstated if the recipient remains enrolled as a full-time student and maintains a GPA of 3.0 or higher in all the grading periods for the subsequent school year. Application for reinstatement must be in written form with the GPA requirements verified by a certified transcript from the educational institution. The ability to apply for reinstatement expires 13 months following Benton REA's receipt of the certified transcript in which the initial annual cumulative GPA requirements were not met. The reinstatement provisions within this section shall not change, or modify the intent of, any of the other provisions in this policy.
- G. Access to the scholarship fund for an academic scholarship is valid for a limited time, not to exceed six (6) years from the date of initial enrollment in an accredited college, university or training institution and the funds shall only be disbursed for a period not to exceed four (4) school years. Academic scholarships are to be paid out at \$2,000 for each school year, subject to listed provisions to assist successful academic scholarship applicants with earning an undergraduate bachelor's degree. Academic scholarship recipients can attend a community college and transfer to a university as they work towards earning an undergraduate bachelor's degree. If a scholarship recipient provides a schedule that verifies the recipient will complete an undergraduate bachelor's degree program in less than four school years, as determined by the Benton REA Review Committee, all remaining funds of the \$8,000 scholarship will be paid in the final year.
- H. Continuing access to scholarship funds is contingent upon the parent(s) or legal guardian(s) continuing their membership with Benton REA with their primary residence located within Benton County, Lewis County, or Yakima County.
